DETAILED ACTION

Reason For Allowance

1. Claims 1-3, 5-17 and 19-24 hereafter referred to as 1-22 are allowed.
2. The following is an examiner's statement of reasons for allowance: The closet prior art of record (US Patent No. 6,110,041 by Walker et al. and WO 98/12891) does not teach nor suggest in detail the means of using a verification server to check on the current status of a program and data that stored on a recording medium of a user computer in combination with all the elements of each independent claim as argued by the Applicant (See Page 32 of Applicant enabling specification, Page 16 line 17 - Page 17 line 5 of argument presented 6/19/2006). Walker only teaches about using tracking card that is used to identify a user in order that the user can select his or her preference. In Walker, the status as to a program running on the tracking card is not taught. So as indicated by the above statements, Applicant's arguments have been considered persuasive in light of the claim limitations as well as the enabling portions of the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
